Market Comment

Stocks ended up higher on Friday fuelled by M&A rumors for the banking sector while tracking its foreign peers. The composite index closed 2.7% up at 1,657 points with turnover at 129.1 million euros. Most up stocks: EFG at 5.61 euros (+6.05%), BoP at 4.42 euros (+5.74%) and Motor Oil 8.52euros (+3.78%). The yield spread between the 10-year Greek and German benchmark bonds shrank to 896 basis points, with the Greek bond yielding 11.30 pct.

Market on a good mood but more news on local bank mergers and good macros are needed to keep this momentum positive. US holiday today.

News

The government plans to organize a roadshow along with the IMF and the EU in the biggest European capitals. Its scope is to improve the image of Greece in the international markets in face of the upcoming return of Greece to the markets in 2011.
